Dear Mr. Yeat,

**Appreciation for Contribution to Master in Sustainable Development Management at Sunway University**

We write to express our appreciation for IBG Manufacturing's contribution to the Sustainable Management and Operations module, which is a core subject in the Master in Sustainable Development Management programme at Sunway University. Your commitment to deliver your best to the students and patience in student engagement throughout the module, which runs from 21 August to 3 October 2021, are deeply appreciated.

Your high quality teaching has expanded the students' awareness and knowledge about the important global problem of soil fertility. Engaging with IBG Manufacturing has empowered these passionate and ambitious leaders from multidisciplinary backgrounds to further develop their management and problem-solving competences, using critical thinking and systems thinking guided by global concerns.

Thank you for supporting sustainable development education and we wish IBG Manufacturing success in restoring the world's soil to good health!

Your sincerely,
